--

1. Actions arising from March 2017 meeting
 - a. Action: Ian to draft letter re staffing arrangements
 - b. Action: Ian to get committee together later in the year
 - c. Action: Ian to discuss with Chris Ling
 - d. Committee agree to host membership list via website, as long as ask members first.
Action: Katy/David - Pay extra to get secure website.
 - e. Tracy has sent bid to request student support from AINSE for ICNS.
 - f. Action: Ian to see if anything required.
 - g. Tracy and Ian in meeting last week with Miles. Broadened scope to an all ANSTO user meeting. Every second year ANBUG meeting only. Ian concerned could be too ANSTO focused? (ANBUG is neutron users generally, including those who do experiments overseas). Likely hosted at AS + Monash building next door. Break out space a problem. Better from NZ that they are combined.
2. 'Anbug newsletter'. Action: Katy to get couple of short articles together by end June. Bragg peaks currently not being written.
3. AOB: next meeting in about 2 months.
